

Instructions:
Using at least 20 points, construct a drawing of your choice by connecting your points with straight lines. Make your points easy to see. **ON THE BACK OF THIS PAGE** list the points and how they are to connect. A single point may connect to more than one point. **YOU MUST USE ALL 4 QUADRANTS.** Example:

Name: _____

Per.: _____ Date: _____

- (1) Connect $(-1,-1)$ to $(-1,1)$ and $(1,-1)$
- (2) Connect $(1,1)$ to $(-1,1)$ and $(1,-1)$

This builds a small square, test it out!
