

Ch. 13 - Confessions

Edward sparkles in the sun. Edward runs around in a circle and throws a stick. Bella keep "moon-eying" him. Talk. More talk.

Edward admits Bella is his favorite flavor.

He especially likes her throat. They

"declare" themselves - (OK, it is getting

a little mushy, there are >200 pages

left - if they keep this up I may not

be able to finish - how about a good

car chase?). They hug. Edward runs

at 50 mph through the woods in the

dark carrying Bella to get back to their car. They kiss. Edward drives home.
